

SOFTBALL VICTORY CLUB

In the Fall of 2011, DMACC will begin its new Women's Softball program—with a limited Fall schedule, and a full competitive schedule beginning in the Spring of 2012.

To support our new softball program, we have established the DMACC Softball Victory Club. Every dollar raised through our booster club will be used to support our new softball program. We all know that starting a program from scratch is very expensive—so your contribution will have an immediate, positive impact for our student athletes.

“The DMACC Softball Victory Club will have a great impact for our program! It will help us provide our athletes with a championship program. Our goals are simple—to build a program that competes at the national level in terms of both athletic competition and graduation rates. Your gift will go a long way to help us achieve those goals!” —Coach Ligouri

DMACC SOFTBALL VICTORY CLUB
