Course Policies

Attendance	Regular attendance is essential for success in this course. Absence and tardiness interfere with the learning process, <i>even if for legitimate reasons</i> . <ul style="list-style-type: none"> Daily Participation slips will help track attendance. Repeated tardiness is not acceptable. If you miss a class: You are responsible for any material covered and any assignments given. Call a friend, get the assignment, and be prepared for the next class. It is your responsibility to stay caught-up in this course. Announced and unannounced quizzes and in-class assignments will be given at the instructor's discretion. <ul style="list-style-type: none"> Missed quizzes and in-class assignments <u>cannot</u> be made up this includes missing a quiz due to tardiness.
Lecture	Attached is a general lecture outline for the course. You are responsible for taking notes and reading the assigned chapters in your textbook. If you miss a class, you will have to get the notes, handouts and find out about any announcements from someone in your class. Lecture exams and final will be administered according to the tentative dates on the outline.
Lab	Attached is a tentative lab schedule. You are required to attend each lab, participate in and complete all activities during the lab period. Failure to be actively involved in lab activities results in a loss of points. A completed lab report for the previous lab session is due at the beginning of the next lab session. Late lab reports can receive a maximum of 50% of their value. You can receive no points for a lab that you did not attend!
Lab Safety	Laboratory safety is of paramount importance. It is essential that you follow proper procedures at all times. Some of the microorganisms you will be handling are pathogenic! No food, drink, tobacco or gum can be permitted in the lab. A lab coat or smock must be worn during lab sessions. Safety glasses or goggles must be worn when working with live cultures.
Instructor Communication	All course information sent to students will be sent to your DMACC e-mail account. If you have not yet set up the account or are unable to access it contact the help desk at 515-965-7300 or 1-800-362-2127, ext. 7300.

Study expectations	Learning happens in the minds of individuals. It is not the doing that causes learning; it is the thinking about the doing, the thinking about the experience that causes learning. Therefore, each of you is responsible for your own learning . All experiences and assignments for this course have been designed to promote your acquisition of enduring understandings about the course content. You are not doing any of the assignments for me; you are doing them for yourself. And, you deserve to do high quality work for yourself .																										
Assignments	Homework will be assigned throughout the semester. These may include (but are not limited to) working problems, brief oral presentations, current literature searches, etc. Specific assignments will be made at appropriate times throughout the course. <ul style="list-style-type: none"> • All work handed in must be neatly and properly done. <ul style="list-style-type: none"> ○ Assignments will not be accepted if they are messy. ○ When writing answers, you must be certain that you have answered all parts of a question. ○ If you do not understand an assignment or a question, it is your responsibility to look for help. <p>You may come to me, go to the tutoring center or ask a friend. But your not understanding something will not be accepted as an excuse for incomplete work.</p>																										
Late assignments	Missed lab exercises, in class activities and quizzes cannot be made up this includes missing them due to tardiness. Some outside lecture assignments may be accepted up to two in-session days after the due date, the score will be reduced by 30%.																										
Exams	Lecture examinations will cover the textbook; material presented in lecture, activities and related readings. Each student is responsible for the contents of the textbook and supplemental material unless the instructor specifically desires to omit a certain portion of material. <ul style="list-style-type: none"> • If you know in advance you will miss an exam you may take <u>one</u> exam ahead of time with no penalty. • Only <u>one</u> exam not taken at the scheduled time may be made-up within two weeks; however the <u>overall score is lowered for by 10% for each week the exam is not completed</u>. <ul style="list-style-type: none"> ○ For example, if the exam is taken during the first week a score of 80% will automatically become a score of 70%; the second week a score of 80% will be recorded as a score of 60%. If an examination is not made-up within two weeks of the original exam date, a grade of zero will be given for the missed examination. 																										
Alternate activities & class cancellations	You will always receive notification of alternate activities and class cancellations. Notice can be given in advance via in-class announcements or e-mail and for unanticipated events a notice will be posted on the classroom door.																										
Classroom conduct	"Students are expected to conduct themselves in such a manner as to show respect for faculty, staff and fellow students, exhibit and maintain integrity and honor in all matters related to the College and not interfere with or disrupt the orderly educational processes of the College." For additional information refer to the DMACC Student Handbook: http://www.dmacc.edu/handbook/welcome.asp																										
Grading criteria	Grades will be assigned according to the following scale: <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: left;">100-90</td> <td style="text-align: center;">A</td> <td style="text-align: left;">89-87</td> <td style="text-align: center;">B+</td> <td style="text-align: left;">86-84</td> <td style="text-align: center;">B</td> <td style="text-align: left;">83-80</td> <td style="text-align: center;">B-</td> </tr> <tr> <td></td> <td></td> <td style="text-align: left;">79-76</td> <td style="text-align: center;">C+</td> <td style="text-align: left;">75-71</td> <td style="text-align: center;">C</td> <td style="text-align: left;">70-66</td> <td style="text-align: center;">C-</td> </tr> <tr> <td></td> <td></td> <td style="text-align: left;">65-62</td> <td style="text-align: center;">D+</td> <td style="text-align: left;">61-58</td> <td style="text-align: center;">D</td> <td style="text-align: left;">57-55</td> <td style="text-align: center;">D-</td> <td style="text-align: right;">0- 54</td> <td style="text-align: center;">F</td> </tr> </table> <ul style="list-style-type: none"> • Students can keep track of their own grades using returned assignments or they may use the following website, which will be updated throughout the semester. • Grades may be viewed online at: http://www.eclassinfo.com • This is a secure website which keeps track of grades, assignments and attendance. Weather policy	<p>“Individual circumstances such as health, childcare, rural roads, distance from the College, etc. can vary greatly among students and staff. It is always DMACC’s goal to provide safe learning conditions, as well as provide the opportunity for students to attend classes when the vast majority is able to safely attend. The final decision to come to College can only be made by the individual student based on their specific extenuating circumstances that may make it unsafe for them to travel. During adverse weather, DMACC faculty is considerate of students who are unable to attend classes due to unique extenuating circumstances. It is the responsibility of each faculty member to notify their students (in addition to their dean or provost) through some predetermined means if they are must postpone or cancel a specific class due to weather or illness.”</p> <ul style="list-style-type: none"> • If the campus is closed due to inclement weather, check your <u>DMACC email</u> for instructions from me for problems or assignments which will be due for the next class period.
Academic dishonesty	<p>“Academic integrity, doing one’s own work in course assignments and in tests, is one of the most important values in higher education. Receiving credit for plagiarizing or cheating violates the value of all degrees conferred. It is unacceptable for students to submit another person’s work as their own. If students quote, summarize, paraphrase or use an author’s idea, they must acknowledge the source, otherwise they are plagiarizing. Allowing others to accept credit for work not their own in tests or in written and oral reports is also cheating. Students who plagiarize or cheat will be held accountable by their instructor and are subject to the following sanctions.”</p> <ul style="list-style-type: none"> • All incidences of academic dishonesty, based on my perception, will be reported to the college. During this course the first offence will result in a 0 for the work and the second offence will result in an F for the course. Severe offences may result in an immediate F for the course. <p>For additional information refer to the DMACC Student Handbook: http://www.dmacc.edu/handbook/welcome.asp</p>
