WELCOME LETTERS | **DMACC PRESIDENT & EKD DIRECTOR**

It's no accident the word "community" appears in our name—Des Moines Area **Community** College (DMACC). And it's more than fitting that the Evelyn K. Davis Center for Working Families (EKD) is part of the DMACC family and our Urban Campus.

We exist for one purpose—to serve central Iowans from all ages and backgrounds, helping them hone their skills, discover their passions, and be prepared to enter their chosen career or pursue additional education. We take getting people "job ready" seriously, clearing away as many obstacles as possible. There's nothing that brings us greater joy than to see individuals in the DMACC community succeed, especially if life has thrown them hard knocks.

In the months ahead, DMACC's and EKD's service to the community will become even better. EKD is now part of DMACC Urban Campus physically. Even as EKD's programs and services expand there, so will easier access to DMACC's expansive certificate, diploma, and degree programs and to the skills central Iowa employers want in future employees. We're proud of this community and the people who become part of it, and we look forward to helping even more people find their "Life's Calling" as successful, working Iowans.

The Evelyn K. Davis Center for Working Families continues to meet our community's career, workforce training, and educational needs, as well as building paths to financial stability by guiding you along a path in pursuit of your dreams. Now in our 10th year, our diverse team continues to be among the best and dedicated professionals with passion to meet our community's needs. The Evelyn K. Davis Center remains a model for others to follow on delivering holistic, inclusive, community-centered services to central Iowa.

Nowhere is our growth more evident than in our new location at 1171 7th Street, placing us just steps away from the Des Moines Area Community College Urban Campus. Not only does the new space increase our capacity to serve the community, but also better positions us to connect with students—and families of students—who may seek the services we provide. We always welcome our community for walk-in or scheduled appointments and hope you decide to visit us soon. If you do, you will find that our services and team provide relevant programs that will position you to pursue the career of your choosing or to continue your education and financial goals that lead toward career success and financial stability.

We recognize that removing barriers to educational advancement and financial stability provides the catalyst for generational impact. Throughout our 10 years, our collaboration with key community program partners led to creating equitable opportunities for those who come through our doors. We are grateful for the ongoing support of our community members, community-based organizations, and public/private partnerships, DMACC, United Way of Central Iowa and the Community Foundation of Greater Des Moines as we strive to empower individuals throughout their educational and career journeys. We look forward to building new collaborative initiatives and continue making a positive impact in the community by providing Central Iowans with the tools not only to achieve financial stability but also remain a steady workforce for the future of Iowa.

Take the time to review our website or, if you have questions, feel free to contact one of our team members. I wish you the best of luck and hope to see you soon.
