YOUR EVENT

Now a days you need an event that gets your attendees engaged, connected, excited, laughing and to provide them with an absolutely unparalleled experience full of memorable moments and tangible tools.

You need an event that not only reminds them of their deep rooted capability but one that lets them associate all of this positive impact with your team, which got them there.

YOUR SPEAKER

Pat Dwyer does all this and more. As an award-winning improviser, writer, professional speaker and esteemed United States Junior Park Ranger - an honor traditionally reserved for 5-12 year olds.

During his time performing with, working for and teaching at the Second City, iO Theater and ComedySportz, Pat aided multiple Fortune 500 companies in expanding their understanding of interpersonal communications and strategic levity. Today, he expands upon this work, keynoting all around the world, by helping audiences and organizations alike to discover the route to people-driven innovation and change.

*"I'd listen to Pat read the phone book!"
