Smoking area built in Campus Center

By SCOT OSTENDORF
Staff Writer

The long awaited smoking area at DMACC has been built in The Campus Center, and the reactions are mixed.

During Christmas break, a wall was constructed on the south side of the center. Consequently, things were rearranged. Smoking is only permitted in the smoking area, and the pool table has been moved there also. The TV/lounge area is in the northwest corner of The Campus Center where the pool table was last semester.

A committee consisting of students, faculty/staff, and student organizations was put together about a year ago to discuss a solution to the smoke problem in The Campus Center. Many complaints by non-smokers to the staff instigated Dean Kriss Philips assemble the committee together.

It was then decided that the wall be put up to prevent the smoke from flowing throughout the room, and the rest of the building.

Mel Holthus, chairman of the committee, said original plans called for a window in the middle of the wall and another at the east end of the wall. Both were deemed unnecessary and vending machines were put there instead.

The ventilation system was left up to the college’s discretion and was also viewed to be unnecessary. Labor for the approximately $5,000 restructuring project was provided by the college employees. It was suggested to have outside contractors do the work, but was later decided to use maintenance personnel.

A ventilation system was left up to the college’s discretion and was also viewed to be unnecessary. Labor for the approximately $5,000 restructuring project was provided by the college employees. It was suggested to have outside contractors do the work, but was later decided to use maintenance personnel.

The biggest concern of the committee was that it might restrict socializing between smokers and non-smokers, but this has so far not proven to be the case.

With the pool table being placed at the east end of the smoking area, most pool players want a better ventilation system put in.

Shane Sonksen put it this way, "It's a bar type atmosphere." Windows are often opened to ventilate the area and Scott Lundquist says, "It's cold in here."

Most people have the same attitude as John Sable when he said, "To each his own."

Jim Hoyle commented, "I do know that outside ventilation was asked for and is apparently required, but it was felt that it unnecessary. One look will prove my point."

Other comments ranged from putting up another wall between the pool area and smoking area to adding an outside ventilation system. Holthus said that as the year goes on and it gets warmer outside the windows can be opened and natural ventilation will occur.

General reaction to the new Campus Center look is good. "I think that people are happy with the final product," George Silberhorn, director of student services, said.

A note from the editor
By ROB HOOK
Editor-In-Chief

I was just recently in a downtown Boone business waiting to pay for my merchandise, when I couldn't help but hear the comments the store clerk and a customer were making. What came out of their mouths were prejudice, racist slurs, which apparently came from never having left Boone all their lives, or from sheer ignorance, or both. The sad truth is that prejudice is still alive and well, not only in our communities, but in our schools as well. Just listen sometime. America prides itself on being a "melting pot," and allowing individuals to be unique. But to me, we ruin that image when we speak out against minorities. I'm not saying people are not entitled to their opinions—they certainly are. But I think racist opinions should be kept to themselves, and definitely not used in a business environment.

Our society today is seeing an increase of all nationalities throughout America. Despite the fact Iowa may be central, more and more people are settling in the Midwest, including minorities. For those who can't accept these facts, I suggest that they get used to them. I don't think there's any place they can go where there are not minorities of one type or another. And, if they still can't accept minorities, than the next best thing is to remain silent, and allow others to enjoy their individuality; it is those who can put their prejudices aside who truly make our country great.

The Bear Facts recently asked several Boone Campus students what their New Year’s Resolutions are. Here are their responses.

Michele Beiler: To get better grades.

Sean Paulson: To not start smoking.

Tonnya Tarbell-Nolling: To make sure that this New Year’s holiday is more exciting than last year’s.

Shawnah McDermott: Stop swearing.

Scott Clatt: To get good grades.

Mike Derby: To get a new job.

Pam Zamora: Quit biting my fingernails.

Kevin Kenney: To adopt a little brother through “Big Brother Little Brother” program.

Linda Vanslee: I don’t make them.

Dan Nichols: To quit smoking.

Jim Fritzschke: Get out of debt.

James Heinzl: To get a new car.

Brett Flouden: Consume less tobacco.

Russ Kuhn: To finally, actually, apply myself to school.

Travis Patterson: To quit chewing tobacco.

Curt Blaskey: Lose some weight and get in better shape.

Ashraf Gabal: I resolve to be more conscientious at school.

Patrick Sillik: To make no New Year’s resolution ever again.

Shawn Yoho: To get out of school in four years.

Tony Jones: To follow Shawn Yoho.

Corey Vespestad: To keep my car clean.

Brian Hood: To get in shape.

Robin Calhoun: To stop smoking.

Chad Sturtz: To not drink as much.

#### Rezoomers zoom in ‘90

By Mick Kawahara
Staff Writer

The REZOOMER club has several meetings planned this semester. The purpose of the organization is to provide support to all adults who are resuming their education. The informal meetings provide an opportunity to share information and get better acquainted.

This month’s meeting will be held Wednesday, Feb. 7 and Tuesday, Feb. 20, 11:30 a.m. to 1 p.m. in the Library Conference Room 121.

### Rec Club plans Valentine party

By Rob Hook
Editor-In-Chief

The DMACC-Boone Campus Recreation Club, in conjunction with the Boone Y, will sponsor a Valentine craft party Sunday, Feb. 11 from 1-3 p.m. in The Campus Club. The day will be a time for children in grades 1-6 to make crafts for Valentine’s Day, which they will be able to keep.

There is a $3 fee per person. Recreation Club members Todd Fisher and Michelle Kemp will be coordinating the event. Contact either of them, or Bill Alley, club advisor, for more information.

(The Rec. Club sponsored Cabin Fever Madness Feb. 3 in the gym, after pregame. We’ll have coverage in the next issue.)

### Rotaract gears up for 1990

By Mick Kawahara
Staff Writer

The Rotaract club has several meetings and projects in the making for spring semester.

The first meeting of 1990 was held the first week in February, after pregame.

Projects will include visiting the River Valley Residence Service (formerly Boone County Care Facility), some social meetings, picnics, and in April the annual campus clean-up.

Club advisor, Lee McNair comments, “We are a service organization. We undertake small service projects to help people on campus.”

If anyone is interested in joining the Rotaract club, contact McNair in Room 123, or Misty Spencer, club president.

### Scholarship

Drake University is pleased to continue the President’s Scholarship for outstanding community college transfer students in the amount of $4,000 per year.

The scholarship application deadline is March 1, 1990.

*Comments by the Dean*

By Kris Philips

WELCOME BACK!!

The decade of the 80s was a very successful and quality decade for Boone Campus. I know we all look forward to the opportunities and challenges of the 1990s as the Boone Campus continues to expand and provide quality education and services.

In the near future it is possible that I will need to consider cancelling school on Boone Campus because of inclement weather.

Often times this decision is a difficult and confusing one to make. There are times that it will be necessary to deviate from the closing of the Ankeny Campus. When in my best judgement these times exist, I will take the appropriate action.

I plan to arrive at this decision no later than 5:30 a.m. if the conditions in the early morning hours warrant. I will notify the local radio station (KWIG/KZBA) immediately upon my decision.

The most logical way for you to learn of our school closing would be to listen to the following area stations:

- KWBG-AM (1590), KZBA-AM (98.3), Boone.
- KCIM-AM (1380), KKRL-AM (93.7), Carroll.
- KDLS-AM (1310), KDLS-FM (104.5), Perry/Jefferson.
- KEZT-FM (104), Ames.

If the weather conditions during the school day warrant an early dismissal, I will make that decision, notify the staff, and notify the radio stations as soon as possible.

School cancellation for evening school will be considered separately from school cancellation during the daytime; i.e. weather conditions may improve during the day, and classes may be held at night when they have been cancelled during the daytime. A decision to cancel evening classes will be made no later than 4:30 p.m.

Boone Campus gears up for Homecoming '90

DMACC-Boone Campus will celebrate Homecoming '90 Saturday, Feb. 17, with ballgames, parent night, and a semi-formal dance all part of the event.

Homecoming starts at 2 p.m. when the Lady Bears meet Waldorf in the DMACC gym.

The Boone Bears game begins at 4 p.m. with special half-time activities including the presentation of the Homecoming Royalty.

Following the game, a parents reception will be held at Boone Golf and Country Club, at 7 p.m.

The Homecoming Dance, for Boone Campus students, faculty and staff will begin at 8 p.m. at the club. It is sponsored by Boone Campus Student Action Board (SAB).

Business Dept. plans trip

By ASHRAF GOBAL
Staff Writer

The DMACC-Boone Campus business department is sponsoring its second annual trip to Chicago April 1-3, 1990, according to Gary Stasko, instructor.

The trip will include visits to the Chicago Board of Trade, The Chicago Mercantile Exchange, and the Federal Reserve Bank of Chicago.

Stasko commented, "Last year's trip was perfect. We experienced very few difficulties. After surveying the group that went, most of the responses were positive."

"I felt the trip was educational, as well as fun," he added.

As of presstime, there were 16 signed up for this year's trip. That leaves room for 16-20 more people.

The cost is $96, and includes transportation and hotel.

The trip is open to students and the general public.

If you are interested, please speak to Stasko, Room 201, by Feb. 19. A deposit must be made by that date.

Enrollment up 5%

By MICK KAWAHARA
Staff Writer

DMACC-Boone Campus spring enrollment unofficial figures show a 5% increase when compared to the spring of 1989.

Approximately 865 to 875 students enrolled this semester, according to Dean Kris Philips.

The Bear Facts will report the official figures in its next issue.

PBL makes plans for semester

By ANGIE LANSMAN
Staff Writer

PBL, Phi Beta Lambda, geared up for the new semester with additional members.

Mary Jane Green, PBL adviser, says membership has increased slightly this month.

Along with the new members, PBL has a full agenda of new ideas and activities for spring semester.

Most recently, though, PBL conducted its annual pizza fundraiser.

There were seven kinds of pizzas to choose from: combination, Texan or beef and mushroom, $7; single topping pizzas including beef, Italian sausage, pepperoni and Canadian bacon, $6.

Members will be assembling pizzas Saturday, Feb. 10 and customers can pick pizzas up in the Boone Campus Center the same day.

PBL's goal was to sell 1,000 pizzas. All profits will go toward club expenses.

February is PBL month and will be celebrated during PBL week, Feb. 11-17. Activities are still being planned.

Plans are also being made for PBL state contest to be held in Clinton. Anyone interested should contact Green. PBL is still seeking business sponsors to pay for contest costs.

Other activities

Members elected Carolyne Depew as reporter for the club. Her responsibilities will be to contact local newspapers about club business.

PBL logo sweatshirts and pins are available. Check the bulletin board outside the business offices for display. Place orders with Green. PBL will resume its pop can drive. Each week different members will be responsible for depositing the cans.

New secret sisters have been assigned to members for the spring semester. "Members look forward to doing this," Green added.

Dinner Feb. 12

The Boone Rotary Club is sponsoring its annual dinner for all DMACC-Boone Campus international students Monday, Feb. 12 at 6 p.m. in the Campus Center.

Members of Boone Campus Rotoract will also be helping out with the dinner.

The purpose of the dinner is to further those relations between the campus internationals and the city of Boone. The event is primarily for Rotary Club members, DMACC faculty, and international students interested in such an exchange.

"This is always an enjoyable experience, so we urge our international students to come and bring family and friends. We hope to see you there," commented Dean Kris Philips, an organizer of the event.

KIRK VINCHATTLE

By SCOT OSTENDORF
Staff Writer

How many people can say that they have been written about in nine newspapers, several magazines, had a video made about themselves, will soon appear in two TV shows, and have been interviewed by Ted Koppel on ABC's "Nightline"? Kirk Vinchattle, 22, is a good guess.

The DMACC-Boone Campus liberal arts sophomore from Stratford has done all of this, but it has come at a high cost; Kirk experimented with anabolic steroids to enhance his body's muscles hoping to improve his status in the bodybuilding world.

Prior to using steroids, Kirk had experienced success in eight teenage bodybuilding competitions. In 1986, he received runner up in the "Mr. Teenage Iowa" short class in Des Moines.

Then came his use of steroids. Twelve short weeks after starting to use them, Kirk was near death at the age of 19. Now, three years later, Kirk is speaking to high school athletes, college football teams, health officials, and teachers throughout the state about the dangers of using steroids. He views his steroid use as "a very costly mistake."

The Des Moines Register heard of Kirk's story and ran it on the front page of the Jan. 15, 1989 issue. Eight other newspapers across the country have run his story and it appeared in the widely circulated Muscle & Fitness magazine, among other bodybuilding magazines. After this notoriety, Kirk appeared on "Nightline" in Nov. 1989. Host Ted Koppel and a respected panel discussed the problem of steroid abuse in athletics.

"Due to my many speaking engagements, my study time and classroom work is reduced greatly," he said. This is his only regret about his steroid message, but is thankful that he has an understanding set of instructors at DMACC.

He is going to appear in Natural Physique magazine and two European magazines within two months. Kirk has just completed an educational video about steroid abuse for national circulation in high schools. Currently, he is training for the "Natural Mr. Iowa" being held in May. This competition is steroid tested, anyone using steroids is not allowed to compete.

Kirk Vinchattle shows off his pose!

Fall enrollment sets new Boone record

By ROB HOOK

DMACC-Boone Campus completed fall semester by setting an all-time high record of 886 students.

This figure is an 11% increase over the fall of 1988s enrollment, which was the previous record high.

Boone Campus Dean Kris Phillips contributed the increase primarily to the return of non-traditional students, such as single parents and displaced homemakers.

Despite the large student population, the Dean can only recall two major problems, one being the issue of smoking in The Campus Center, and the other a lack of parking spaces available.
