

ACCUPLACER For Public School Districts

If you are required to take the ACCUPLACER for **employment with Des Moines Public Schools or the Ames Community School District**, please send an email to RemoteTesting@dmacc.edu.

Let us know that you are testing for DMPS or ACSD (or another school district).

Important: In order to test, you will need a computer (desktop or laptop) with a webcam and audio capabilities. Smartphones and tablets do not work.

We will send you an email, requesting some needed information. Send it back to us, and soon afterward, a test proctor will contact you to receive your **\$20.00 test payment** and to get your SS# if you don't have a DMACC ID.

Please don't sign up for a test session until after you have paid.

After you speak to a DMACC proctor and pay the testing fee, you can sign up for a testing appointment.

Within 48 hours of making a testing appointment, you will receive an email with Zoom links for the test session, along with instructions on how to get your computer ready for the test.

If you have any questions, please contact RemoteTesting@dmacc.edu.
Thank you!
